1 Introduction

1.1 Purpose and Scope

The purpose of this Deliverable is reporting in a diary events, meetings, phone calls, phone-audio-conferences, press release, submission/approval of papers and other any pieces of information related (and potentially useful) for CASCADAS Project activities.

This Deliverable is continuous: it will be delivered about every three months.

1.2 Reference Material

The following documents are used as reference basis for this document:

[1] Annex 1 – Description of Work

[2] Integrated Project CASCADAS - Contract Number 027807

[3] Integrated Project Consortium Agreement – IPCA: Part I

[4] Integrated Project Consortium Agreement – IPCA: Part II

[5] Quarterly Report for CASCADAS – January/March 2006

[6] Quarterly Report for CASCADAS – April/June 2006

[7] Quarterly Report for CASCADAS – July/September 2006

[8] Quarterly Report for CASCADAS – October/December 2006

[9] Deliverable D0.4.a Financial Report (1st Release)

[10] Deliverable D0.4.b Financial Report (2nd Release)

[11] Deliverable D0.1 E-Collaboration Suite

[12] Deliverable D1.1 Report on state-of-art, requirements and ACE model

[13] Deliverable D2.1, Report of Pervasive Supervision - State of the Art, Basic Algorithms and Approaches, and Basic Supervision Architecture

[14] Deliverable D3.1, Aggregation Algorithms, Overlay Dynamics and Implications for Self-Organized Distributed Systems

[15] Deliverable D4.1, Security Architecture

[16] Deliverable 5.1, Knowledge Networks Specifications, Mechanisms, and Alpha Software Release

[17] Deliverable, 6.1A Description of Application Scenarios and of the Services to be Provided

[18] Deliverable D6.1B, Socio-economic prospective studies (D6.1B)

[19] Deliverable D6.2A, Experimental QoS Evaluation in Autonomic Network Environments

[20] Deliverable D6.2B, Distributed test bed specifications

[21] Deliverable D8.1 Public Web Site

[22] Deliverable D8.2, White Paper
